This programme is led by faculty from GIC, a global long-term investor that manages Singapore's foreign reserves. It is designed to provide participants with a comprehensive understanding of various investment strategies across different asset classes.

The ultimate goal of this programme is to help participants understand how to achieve good long-term returns. Participants will analyse and apply insights from selected GIC case studies.

At the end of the programme, participants will be able to:

- **Understand the real-world challenges and opportunities** of investing for the long term
- **Develop a discerning perspective** across asset classes guided by long-term orientation, while navigating through market cycles and investment paradigms
- **Assess key investment decisions** such as implementation, divestment and portfolio construction across traditional and alternative investments
- **Apply key frameworks, tools and techniques** for investment decision-making

Who should attend

Accreditation & Fee Breakdown

The programme (TGS-2023021865) is accredited by the IBF under the IBF Standards Training Scheme (STS). Singaporeans and Permanent Residents are eligible for enhanced funding support under the revised IBF Funding quantum from 1 January 2023.

The fees listed are after IBF-STS funding. Any discrepancies in registration details or failure to meet minimum IBF academic requirements will result in an unsuccessful IBF reimbursement claim and students will be liable for the full tuition fees.

SkillsFuture Credits can be utilised to offset the balance of the programme fees after IBF subsidy.

Global-Asia Family Office Circle (GFO Circle) Members are entitled to 10% discount across "Family Office" programmes.
